Better cricket performance!

Our quest continues to produce or distribute cricket products that enhance the performance of the athletes who play our great game.

This year sees new Aero and Nike products arrive on the scene plus significant upgrades being made to many of our existing products.

- The introduction of Flywire and dual density foams brings the VII Nike shoes to the very forefront of cricket footwear technology
- We have added Kashmir Willow bats to the Nike bat range
- Note that we have a full range of Team India replica shirts for the forthcoming Indian tour of Australia
- On the Aero front, we are introducing:
 - ⇒ Our amazing new P3 KPR wicketkeeping inners alongside a significant re-work of the P1 and P2 inners launched in 2010.
 - ⇒ Groin protector shorts to sit alongside our successful brief and cup groin protection products
 - ⇒ Our new high-quality fielding practice gloves
- Finally, we are pleased to introduce the initial Aero Vintage range. We have taken the best of the traditional technology and added a small amount of Aero DNA. The range starts with a bat, gloves and pads

+

Aero Strippers™

Our world beating lower body protectors - Strippers - continue to be a huge success!

Strippers protect front and back thighs, hip and (in the P1 model) buttock. They are 3D moulded which means they always stay in place. The waistband has two fitting options that enable great fit. The Stripper's Integrated design allows natural movement & mobility. They are easy to use & washable.

Bullet proof protection.

Aero Forearms and Chests

At Aero, it's important to us in developing protective equipment that we cater for every age and stage. After all - we offer six different sizes of lower body protection.

Increasingly youth players are undergoing short pitched delivery training involving bowling machine balls and are often playing on bouncy artificial wickets. So we set out to develop chest protectors and, this year, forearm protectors that will serve adult and youth cricketers. The results are lightweight, snug and high performing products that don't get in your way when you execute shots.

P1 chest - Three layers of high quality closed cell foam gives superb shock resistance with a low profile.

Innovative holster design stays in place & won't get in the way when you execute shots. Now includes adjustable straps enabling an even closer fit

Ambidextrous sizes in the P1 model - L, M & S

P3 chest - Similar in construction to the P1 but with a lower profile, the P3 chest offers protection ideal for the elite youth cricketer.

Ambidextrous size in the P3 model: XS.

P1 forearm - Like the Strippers, layers of foam and plastic are contoured to fit your body. Three sizes (S, M & L) enable an unparalleled fit for all players.

P2 - dual density foam layers provide excellent protection for the club cricketer. Sizes S, M & L

P3 - A lower profile offers excellent protection for the youth cricketer. Size XS

Aero Legs

Our top of the line leg protectors are light and provide unbelievable protection.

Our legs are constructed from tough closed cell foam meaning that they are more durable and offer better protection than traditional pads.

All of our models have only 2 straps & this combined with their 3D shaping makes for a very snug fit. Aero legs don't get in the way when playing shots or running - in fact the patented shape of our legs means that all players will be able to run between the wickets faster. For youth players the increase in speed can be up to 9% (or 1.5m) faster!

The P1 model introduces special UltraStop low rebound technology to increase ball control.

RH/LH sizes in the P1 model: L, M & S

The P2 is constructed from higher density foam than the P3. It offers protection ideal for the elite youth and club cricketer.

Ambidextrous size in the P2 model medium.

Our elite youth protectors are the most advanced youth leg protectors on the market today. 65% lighter than old style youth pads.

Ambidextrous sizes in the P3 model: S, XS & XXS

Aero KPR protection

The pressure on keepers in the modern game has grown immensely over the last few years. Yet the equipment used by these key players has barely changed at all.

Our KPR range is designed to meet the needs of the modern keeper - move better, see better, catch better - KEEP BETTER!

KPR Wicket Keeping Face Protector

A batter's helmet is heavy and hot. The vision and protective needs of a batsman are vastly different to those of a keeper. Our KPR face protector is:

- Naturally ventilated
- Very light weight - P1 = Titanium, P2/P3 = carbon steel
- Fits snugly
- Allows extremely wide vision

P1/P2 - senior
P3 - youth

KPR P1 Wicket Keeping Leg Protector

Our KPR P1 Leg Protectors are amazingly light. The feeling of lightness on your feet translates into being faster and more agile behind the stumps.

Our revolutionary 3D shaping allows exceptional freedom of movement delivering superior protection and unparalleled comfort when diving, stopping and tumbling.

Sizes: M & S

KPR Wicket Keeping Inners

Modern materials with genuine protective qualities are being used in wicket keeping inners. When compared to old style products, our KPR inners:

- Will last many seasons
- Protect your hands better
- Are incredibly snug fitting and comfortable
- Are shaped to make catching easier

P1 and P2 Sizes: L, M & S P3 size: XS

Aero *Vintage*

Aero Vintage equipment is inspired by the best products that are to be found made from traditional methods of manufacture. We have then gone further and added touches of Aero design DNA to enhance the overall performance of the products.

The Vintage range is based around a single model of grade 2 English Willow bat and is accompanied by pads and gloves.

The range targets youth and adults players and is a response to the player feedback and demand that we have had from that community. They want to wear more Aero gear.

The batting gloves have silicone inserts in key areas of the palm. These improve grip and also reduce wear & tear. The lightweight batting pads are extremely comfortable and give excellent protection.

Bats - SH 2lb8oz, Youth Sizes 4 - Harrow

Pads and gloves - RH/LH - IOS, Men's and Youth's

Aero Luggage

Stand up Tour bag

Best selling high-value category bag. Actually—it's three bags—kit bag, take home bag and toiletries bag. Loads of pockets and lockable spaces for three bats and valuables (includes a combination lock) Tiered internal cavities to carry all the equipment a player needs. Large front pocket is lined with heavy duty materials to carry spikes.

Dimensions: 100cm x 40 x 40

Stand Up bag

The club player's stand up! Like its Tour big brother, it has plenty of pockets and tiered internal spaces to contain a full set of kit. It also has a special internal system to hold your bat safely in place. Includes combination lock.

An extensive re-design has lead to this bag being lightened and strengthened considerably

Dimensions: 90cm x 35 x 35

Maxi bag

Building on the popularity of our midi bag, we bring back the maxi bag. An excellent value large capacity wheelee bag with front pocket and external drink bottle holder. Includes combination lock.

Dimensions: 100cm x 40 x 40

Midi bag

Excellent sized value wheelee bag for players of all types. Includes combination lock.

Dimensions: 80cm x 35 x 35

Aero Clothing and Accessories

Groin Protector briefs

Lightweight and breathable. "High cut" above the hip for maximum mobility. Moisture wicking, anti-bacterial textiles—same as strippers. Quick washing/ quick drying. The pouch shape combines with our groin protector cups and most other boxes

Sizes: XXS—XXL

Groin Protector shorts

Compression plus protection. Designed to integrate with the strippers with extra long leg length to cover the lower quadriceps muscle for total comfort. Uses the same hard wearing high quality performance textiles used on the strippers & briefs. Extra long contoured pouch will snug fit all cup types but we recommend the Aero cup for the best fit & protection

Sizes: XXS—XXL

Groin Protector cup

Lightweight snug fitting ergonomic design—stays in place with no chaffing against the inner thigh. Extremely comfortable with single piece moulded silicon outer (no stitching here!). Integrates with strippers and groin protector briefs. Fits most jockstraps

Sizes: Senior/Youth

BatGrip

The Aero BatGrip is specially selected from advanced materials. Designed & tested to increase grip during use, reducing uncontrolled bat rotation and glove abrasion. The Aero BatGrip will increase your ball control and hitting power. Available in black, white, blue, red, green & yellow.

Fielding practice gloves

An accessory for those who want to excel at fielding. Allows longer training times and faster ball speeds. Silicone and Amara leather palms provide protection and comfort. Lycra rear for snug fit.

Sizes: Senior/Youth

Cricket Catalogue

Nike Bats

Nike's first bat range is here! These awesome bats feature massive edges and an extended bow - delivering an amazingly light pick up and a huge sweet-spot for tremendous ping! Naturally air dried short handled English willow bats have been made to Nike's exacting global manufacturing standards. **JUST DO IT**

Nike Cricket sock (pack of 3)

An excellent cricket sock.

Moisture wicking material helps keep feet dry and comfortable. Inbuilt arch support ensures a secure and stable fit. The half cushion terry foot ensures comfort and shock absorption.

White with Nike cricket logo embroidery

Sizes: M, L, XL & XXL

Nike footwear

Despite its supposedly genteel nature, cricket places a fearful toll on the feet of its athletes. Long days in the field, unnatural twisting, turning and pounding on hard wickets all combine to make cricketers' feet a genuinely sensitive subject.

Nike Flywire technology has revolutionised sporting footwear - from running spikes to basketball shoes and football boots. Now Flywire is being deployed to take cricket footwear to the next level and the UK is the global launch point for the best cricket shoe range ever!

How does Flywire work?

Flywire cables wrap around your foot much like tendons. Unlike typical shoes that allow the foot to slide inside the shoe, Flywire keeps the foot locked down tight, eliminating millimeters of movement (and lost energy) with each stride. Flywire cables pound for pound are five times stronger than steel yet extremely flexible and formable - a perfect combination for cricket footwear.

Dual-density midsole as well

As well as Flywire, the cricket footwear range will feature Nike's hugely successful dual-density midsole technology to ensure greater comfort and stability.

The new Nike range will feature substantially upgraded models of all five of the existing shoes:

- Yorker II - top of the line high cut bowling boot
- Opener II - the ideal low cut boot for an all rounder
- Pace II - an excellent bowling boot
- Century II - a brilliant shoe for batting and fielding
- Googly II - a fantastically structured shoe for artificial surfaces

Nike replica merchandise

Team India Australia tour 2011

The Cricket World Cup, IPL4 and the Tour of Australia by the Indian Cricket team means that Nike Official merchandise and replica apparel will be a big seller in 2011.

The range includes:

- The top end Dri Fit vented ODI shirt
- ODI replica polo shirt
- ODI replica T-shirt

Trading terms 2011 season

GENERAL TERMS AND CONDITIONS OF TRADING

General

These terms and conditions shall apply to the exclusion of all others including any Terms and Conditions of the Customer (whether on the Customer's order form or otherwise). No goods or services will be supplied by Aero Sports Protection Limited (Aero) on any terms or conditions other than those set out herein and by taking delivery of the goods the Customer shall be deemed to agree to these Terms and Conditions.

Payment

The Customer agrees to comply with the trading terms of Aero and, except where other payment terms are agreed (as for indent orders) payment for goods or services shall be made by the Customer to Aero by the 20th day of the month following the date of the invoice. It is agreed that if the Customer does not make payment within the period specified herein then Aero shall have the right to impose a default charge of 2.5% per month to any amount outstanding for more than thirty (30) days from the date of the invoice. All payments are to be made directly to Aero. Aero reserves the right to withhold supply if the customer fails to comply with the trading terms of Aero. Aero reserves the right to extend or withhold credit and to determine the length and volume of credit. Any discounts which may apply to a customer are rescinded if the customer is trading outside the terms of Aero.

Claims

- The Customer will be deemed to have accepted the goods as being in accordance with its order unless the customer notifies Aero of its claim within 7 days of receipt of the goods.
- No return of allegedly defective or faulty goods will be accepted by Aero unless Aero has given prior authorisation for the return.
- Goods are not supplied on a "consignment" or "sale or return" basis.
- Any unauthorised return of goods will incur a 50% handling charge. Any goods returned in a damaged condition will incur a handling charge depending on the condition of the goods.
- Goods returned for credit must have an original invoice number quoted.
- Parts and incomplete gear ordered cannot be returned.

Warranty

All warranties whether expressed or implied and whether statutory or otherwise with regard to the goods supply by Aero as to quality, fitness for purpose or any other matter are hereby excluded except insofar as any such warranties are incapable of exclusion at law. Warranty claims must be forwarded direct to Aero and will be repaired, replaced or credited in that order, at the discretion of Aero. All goods must be forwarded freight prepaid.

Freight Costs

Aero shall not be liable for freight costs on goods returned to it by the Customer. Freight forwarding will be done at the discretion of Aero unless prior arrangements are made.

Costs

Should payment remain outstanding beyond Aero's payment terms as outlined above, the Customer is liable for all costs including legal costs (on a solicitor/own client basis) and mercantile agents fees incurred by Aero in recovering the amount outstanding.

Change of Ownership

The customer agrees to notify Aero in writing of any change of ownership of the customer within 7 days from the date of such a change and indemnifies Aero against any loss or damage incurred by it as a result of the Customer's failure to notify Aero of any change.

Cancellation

Orders placed with Aero cannot be cancelled without the approval of Aero. In the event that Aero accepts the cancellation of any order placed with it, it shall be entitled to charge a reasonable fee for any work done on behalf of Aero to the date of cancellation including a fee for the processing and acceptance of the Customer's order and request for cancellation.

Lien

The Customer hereby acknowledges that Aero has a lien over all the goods in its possession belonging to the customer to secure payment of any or all amounts outstanding from time to time.

Title to Goods

- Notwithstanding anything to the contrary expressed or implied, property of the goods shall remain with Aero and shall not pass to the Customer until Aero has received payment in full for the goods and the Customer has discharged in full all its accounts with Aero.
- If payment is made by the Customer by way of cheque, ownership shall not pass to the Customer until the cheque has been honoured.
- Until the goods are paid for in full the Customer shall hold the goods as a Trustee for Aero.
- In the event that the Customer fails to pay Aero for the goods by the due date required for payment under Aero's terms of trade, the Customer hereby agrees to deliver up the goods to Aero upon demand by Aero and consents to Aero retain possession of the goods which remain unpaid. Aero retains the right to enter premises and seize goods in the event of a default in payment.
- The parties acknowledge that by supplying or accepting goods on the terms herein specified, it is not intended to create a charge, mortgage or other security interest over any of the goods supplied.

Certificate

A certificate signed by an officer of Aero will be prima face evidence of the Customer's liability to Aero at the date of the Certificate.

Jurisdiction

The proper law of all contracts arising between Aero and the Customer is the law of NSW, Australia and the parties agree that all claims and disputes relating to the goods sold shall be determined in the Court of competent jurisdiction nearest Sydney.

In no event shall the liability of Aero exceed the value of those goods supplied by Aero.

Authorised Aero accounts with purchases less than £2,000 annually will be subject to review and closure at the discretion of Aero.

No employee of Aero (with the exception of Aero's Managing Director), agent, customer or other person has the authority to alter the Terms and Conditions of Aero.
